- Peer Review: All submissions will undergo double-blind peer review

AN INTERNATIONAL EDITED VOLUME ON MULTIDISCIPLINARY INNOVATION

OVERVIEW

In a world of accelerating change, the need to bridge theoretical knowledge with tangible real-world impact has never been greater. This edited volume, **"From Theory to Impact: New Visions Across Disciplines"**, invites high-quality, original chapters from scholars, researchers, and practitioners across disciplines who are reimagining the boundaries of academic knowledge and its transformative power. The book aims to foster interdisciplinary dialogue, innovative thinking, and actionable insights that move beyond traditional academic silos. Whether your work lies in the sciences, humanities, technology, education, or social policy, we seek contributions that showcase how theoretical foundations are evolving into meaningful practice.
